Manuals for Stratus VOS Products, as of VOS 14.0.0

(Documents available from StrataDOC are marked with an asterisk.)

  Table A-1. General System and User Manuals

Part Number	Title
* R001-01	Introduction to VOS
* R002-01	VOS Reference Manual
R003-05B	Site Planning Guide
* R006-01	VOS Word Processing User's Guide
R008-00	VOS Hardware Reference Manual
R022-00	How to Use the VOS Word Processor
R024-00	Guide to the Programmable StrataBUS Interface
R052-01	VOS Tape Processing User's Guide and Programmer's Reference
* R052-01A	VOS Tape Processing User's Guide and Programmer's Reference, w/Addendum A
* R073-03	VOS System Analysis Manual
* R075-02	Tape User's Quick Reference Guide
* R089-02	VOS Commands User's Guide
* R090-00	L306 Printer: Customer Engineer and Operator Setup Modes Guide
* R093-03	VOS Emacs User's Guide
* R098-08	VOS Commands Reference Manual
R100-00	Product Release Bulletin: K116 and K107 I/O Adapters and Associated Tape Drives
R102-00	Stratus V102 Terminal User's Guide
R103-00	Stratus V102 Terminal Programmer's Guide
* R107-00	Product Release Bulletin: Configuring the L306 Printer
* R119-08	Software Release Bulletin: VOS Release 12.0
* R119-08A	Software Release Bulletin: VOS Release 12.1
* R119-08B	Software Release Bulletin: VOS Release 12.2
* R119-08C	Software Release Bulletin: VOS Release 12.3.0
* R119-08D	Software Release Bulletin: VOS Release 12.4
* R119-09	Software Release Bulletin: VOS Release 13.0.0
* R119-09A	Software Release Bulletin: VOS Release 13.0.0a
* R119-09B	Software Release Bulletin: VOS Release 13.0.1
* R119-09C	Software Release Bulletin: VOS Release 13.1.0
* R119-09D	Software Release Bulletin: VOS Release 13.2.0
* R119-09E	Software Release Bulletin: VOS Release 13.3.0
* R119-09E2A	Software Release Bulletin: VOS Release 13.3.3
* R119-09F	Software Release Bulletin: VOS Release 13.4.0
R119-09G	Software Release Bulletin: VOS Release 13.5.0
* R914-00	Software Release Bulletin: VOS Release 14.0.0
* R126-04	VOS Module Control Panel Guide
* R132-03	VOS Codes and Messages Reference Manual
* R153-03	Sybase Installation Guide
R160-01	Stratus PC/Connect-2 User's Guide
* R212-00	National Language Support User's Guide
* R219-00	Check-List Supplement for IOAs: XA2000 Model 30
R221-01	Emacs Quick Reference Card
* R225-01	VOS Performance Measurement and Reporting System (PMRS) Manual
R227-00	PC/Connect-2 Installation Notes
R228-01	MARS Quick Reference Card
R229-02	Office/2000 Administrator's Guide
R229-02A	Office/2000 Administrator's Guide, Addendum A
R231-02	Office/2000 User's Kit

```
  R235-01      PC/Connect-2 Software Kit
* R239-00      Stratus V103 Terminal User's Guide
* R241-00      Product Release Bulletin:
               VOS Configuration for the V103 Terminal
* R242-00      Stratus V103 Terminal Programmer's Guide
  R245-01      Software Release Bulletin: WordPerfect Release 4.2
  R246-00      Using WordPerfect on Stratus Systems
  R247-00      Installation and Maintenance Guide:
               XA2000 Model 30, I/O Adapters
* R247-00A     Installation and Maintenance Guide:
               XA2000 Model 30, I/O Adapters, w/Addendum A
* R248-00      Maintenance Guide: XA2000 Model 30
  R248-00A     Maintenance Guide: XA2000 Model 30, Addendum A
* R249-00      Control Panel Guide: XA2000 6-Slot Modules
  R250-00      WordPerfect Administrator's Guide
  R251-00      WordPerfect for Stratus Systems
  R257-00      WordPerfect Quick Reference for Stratus Systems
  R258-01      WordPerfect Quick Reference for Stratus Systems--PC
  R266-00      Product Release Bulletin: XA2000 Model 30
* R273-01      MARS User's Guide and Reference
  R279-00      VOS i860 Assembler Reference
* R279-00A     VOS i860 Assembler Reference, w/Addendum A
  R280-00      Maintenance Guide: 10-Slot Modules
* R280-00A     Maintenance Guide: 10-Slot Modules, w/Addendum A
* R281-03      VOS System Administration: Administering and Customizing
                                          a System
* R282-03      VOS System Administration: Starting Up and Shutting Down
                                          a Module or System
* R283-03      VOS System Administration: Registration and Security
* R284-04      VOS System Administration: Disk and Tape Administration
* R285-03      VOS System Administration: Backing Up and Restoring Data
* R286-04      VOS System Administration: Administering the Spooler Facility
* R287-04      VOS System Administration: Configuring a System
  R288-00      Migrating VOS Applications to Stratus i860 RISC Architecture
* R289-01      Product Configuration Bulletin: Asynchronous Devices
* R290-00      Product Configuration Bulletin: BSC Devices
* R291-00      Product Configuration Bulletin: EFT Devices
* R292-00      Product Configuration Bulletin: Link-Level Ethernet Devices
* R293-00      Product Configuration Bulletin: FTPS Devices
* R294-00      Product Configuration Bulletin: LAPB Devices
* R295-00      Product Configuration Bulletin: Poll/Select Devices
* R296-00      Product Configuration Bulletin: SDLC Devices
* R297-00      Product Configuration Bulletin: 3270 Support and 3270
                                               Emulation Devices
* R298-00      Product Configuration Bulletin: 2780/3780/HASP Devices
* R299-00      Product Configuration Bulletin: User-Programmable Devices
* R300-00      Product Configuration Bulletin: VISA Devices
* R301-01      Product Configuration Bulletin: OSE Devices
* R302-01      Product Configuration Bulletin: TSE Devices
* R303-00      Product Configuration Bulletin: Token-Ring Devices
* R304-00      Product Configuration Bulletin: Transportation Industry
                                               Devices
* R305-00      Product configuration Bulletin: Channel Attach Devices
* R308-03      VOS Symbolic Debugger User's Guide
* R313-00      Application Support Network (ASN) User's Guide
* R314-00      Software Release Bulletin: ASN Release 1.0
* R315-02      T401/T402 Tape Drive User's Guide
  R316-00      Site Planning Guide: T401 Tape Drive
* R318-00      Product Configuration Bulletin: JASDAQ Devices
```

```
* R319-00      Site Planning Guide: K114 I/O Adapter
* R321-03      Product Configuration Bulletin: K121 and K122 I/O
               Adapter and Associated Tape Drives
  R323-00      Maintenance Guide: 40-Slot Modules
* R323-00A     Maintenance Guide: 40-Slot Modules, w/Addendum A
* R324-01      Installation Guide: K118 Asynchronous I/O Adapter
* R325-00      Site Planning Guide: K118 I/O Adapter
* R326-00      Site Planning Guide: C319 RSN Modem
* R334-00      Module Control Panel Guide: Operation and Replacement
  R336-00      Product Release Bulletin: I101-10 Link Controller--Type A10
* R337-02      VOS Maintenance Guide: D600 Peripheral Subsystem
* R338-00      Important Notes on the T402 Tape Drive
* R343-01      VOS Module Maintenance Guide
* R345-00      Site Planning Guide: Table-Top T203 Tape Drive
* R346-02      Product Release Bulletin: XA/R 8-Slot Modules
  R347-01      Product Release Bulletin: XA/R 12-Slot Modules
* R355-00      Product Release Bulletin: I101-11 Link Controller--Type A11
  R357-00      Tape User's Preventive Maintenance Guide
* R357-00A     Tape User's Preventive Maintenance Guide, w/Addendum A
* R386-02      VOS Installation Guide
* R387-00      Module Control Panel Notice for XA2000 Models 210-280 Users
* R391-02      Continuum Site Planning: 600 and 1200 Series
* R396-01      Continuum Operation and Maintenance: 600 and 1200 Series
* R399-00      Sybase 4.9 Release Information for Stratus Precompilers
* R400-01      Oracle7 Installation Guide
* R401-01      Oracle7 Administration and Tools Guide
* R402-00      Product Release Bulletin: New Hardware Releases
* R407-00      Migrating VOS Applications to Continuum Systems
* R416-04      Software Release Bulletin: Oracle Release 7.3.2.3.1
* R422-00      Software Release Bulletin: MARS Release 5.0.1
* R437-00      VOS D600-D700 Continuum Data Migration Guide
* R439-00      Product Release Bulletin: VOS Configuration for the
                                 V105 Terminal
* R445-00      VOS Continuum 600 and 1200 Series with PA-8000:
               Operation and Maintenance Guide
  R450-00      MQSeries Client for Stratus VOS
  R598-0011583 Stratus V105 Terminal User´s Guide
```

Table A-2. Subroutines Manuals

```
  Part         Title
  Numbers

* R005-09      VOS PL/I Subroutines Manual
  R018-06      VOS BASIC Subroutines Manual
  R018-06A     VOS BASIC Subroutines Manual, Addendum A
* R019-08      VOS COBOL Subroutines Manual
* R020-08      VOS FORTRAN Subroutines Manual
* R021-08      VOS Pascal Subroutines Manual
* R068-06      VOS C Subroutines Manual
```

```
  Part         Title
  Number

* R009-03      VOS PL/I Language Manual
```

```
* R010-03      VOS COBOL Language Manual
  R011-01      VOS BASIC Language Manual
  R013-00      VOS FORTRAN Language Manual
* R014-01      VOS Pascal Language Manual
* R040-02      VOS C Language Manual (old compiler)
  R041-00      VOS C User's Guide (old compiler)
* R077-00      VOS COBOL Programmer's Guide
* R142-00      VOS COBOL User's Guide
  R144-00      VOS Pascal User's Guide
* R145-00      VOS PL/I User's Guide
* R363-02      VOS Standard C Reference Manual
* R364-02      VOS Standard C User's Guide
```

Table A-4. Communications Manuals

```
  Part         Title
  Number

* R007-00      VOS Communications Software: Introduction
* R025-01      VOS Communications Software: Asynchronous Communications
* R026-01      VOS Communications Software: 3270 Support and 3270 Emulation
  R027-02      VOS Communications Software: Binary Synchronous Communications
* R027-02A     VOS Communications Software: Binary Synchronous Communications
                                 w/Addendum A
* R028-02      VOS Communications: X.25 and X.29 Programming
  R029-01      VOS Communications Software: SNA Emulation
  R041-00      VOS Communications Software: LAPB
* R043-01      VOS Communications Software: SDLC
  R044-00      VOS Communications Software: Poll/Select Terminal Support
* R051-03      VOS Communications Software: RJE Facility
* R091-02      VOS Communications Software: X.25 and StrataNET Administration
* R095-00      VOS Communications Software: Multiplexed Generic
                                 Communications Software
  R096-01      VOS Communications Software: Defining a Terminal Type
* R096-01A     VOS Communications Software: Defining a Terminal Type
                                 w/Addendum A
* R101-00      VOS Communications Software: MAP Administration
  R105-00      VOS Communications Software: SNA Device Support
  R108-00      VOS Communications Software: Commercial Protocol Support
* R109-01      Universal Communications I/O Adapter Programming
  R110-00      VOS Communications Software: MAP Programming
  R122-00      Software Release Bulletin: MAP Release 1.1
* R124-00      Product Configuration Bulletin: X.25 T1
* R128-01      VOS Ethernet Protocol Support
  R129-01      VOS Communications Software: TCP/IP 2.x Programmer's Guide
* R130-01      Software Release Bulletin: OS TCP/IP Release 1.0
* R171-01      VOS Communications Software: Network Configurator User's Guide
* R192-01      VOS StrataLINK Administrator's Guide (VOS 11)
  R192-02      VOS StrataLINK Administrator's Guide
  R193-00      VOS Communications Software: NETBIOS Programmer's Guide
  R193-00A     VOS Communications Software: NETBIOS Programmer's
                                 Guide, Addendum A
* R194-01      Window Terminal Programmer's Guide
  R195-00      VOS Communications Software: Ethernet I/O Adapter Programming
  R196-00      VOS Communications Software: TCP/IP 2.x Administration
  R197-00      VOS Communications Software: TCP/IP 2.x User's Guide
* R199-01      VOS Communications Software: NFS and RPC
  R210-03      Software Release Bulletin: TCP/IP Release 2.1
```

```
   R213-00      VOS Communications Software: Token-Ring DLC Interface
                                 Programmer's Guide
 * R213-00A     VOS Communications Software: Token-Ring DLC Interface
                                 Programmer's Guide, w/Addendum A
 * R220-01      VOS Communications Software: 3270 Channel Attach Programmer's
                                 Guide
   R222-00      VOS Communications Software: OS TCP/IP User's Guide
 * R222-00A     VOS Communications Software: OS TCP/IP User's Guide,
                                 w/Addendum A
 * R223-05      VOS OS TCP/IP Administrator's Guide
 * R224-01      VOS Communications Software: OS TCP/IP Programmer's Manual
   R236-01      VOS Communications Software: Transportation Industry Products
   R237-00      Software Release Bulletin: Token-Ring DLC Interface
 * R252-00      Software Release Bulletin: NFS and RPC Release 1.0
 * R254-01      Software Release Bulletin: Channel Attach Subsystem
                                 Release 1.0
   R255-00      Software Release Bulletin: SLC Release 1.0
 * R256-00      Window Terminal User's Guide
   R275-00      VOS Communications Software: OSI Server Transport
                                 Layer Programming
   R276-00      VOS Communications Software: OSI Server Session Layer
                                 Programming
 * R306-00      VOS Communications Software: STREAMS Programmer's Guide
 * R307-00      VOS Communications Software: Datakit Programming and
                                 Administration Guide
   R309-03      Network Express Operator's Guide
   R310-03      Network Express Operations Utilities
   R311-03      Network Express Application Programmer's Guide
   R312-03      Network Express Line Handler Reference
   R322-01      Network Express Upgrade Guide
   R335-00      ACCESS LU7 Reference
 * R351-00      VOS Communications Software: Local Area Transport (LAT)
                                 Administrator's Guide
   R359-01      ACCESS X.25 Reference
   R368-00      ACCESS UTS400 Interface Guide
   R369-01      ACCESS Bisync 3270 Interface Guide
   R370-00      ACCESS Poll/Select Interface Guide
   R371-00      ACCESS Bisync Point-to-Point/RJE Interface Guide
   R372-00      ACCESS VIP7760 Interface Guide
   R373-00      ACCESS SNA Interface Guide
   R374-00      ACCESS ASYNC Interface Guide
   R375-00      ACCESS Protocol SNA LU1 With Token-Ring Link-Layer
                Support User's Guide
   R376-00      ACCESS Protocol SNA LU1 With Synchronous Data Link
                Control (SDLC) Link-Layer Support User's Guide
   R377-00      ACCESS LU7 Device Support Design Document
   R378-00      ACCESS SNA LU0 with Token-Ring Link-Layer Support User's Guide

   R379-00      ACCESS SNA LU2 with Token-Ring Link-Layer Support User's Guide
   R380-00      ACCESS SNA LU0 with Synchronous Data Link Control User's Guide
   R381-00      ACCESS SNA LU2 Secondary Support Interface Guide
 * R388-02      VOS Administrator's Guide for Open StrataLINK
 * R403-00      VOS Multi-Processor Interconnect Facility (MPIF)
                Administrator's and Programmer's Guide
 * R408-00      Introduction to the VOS FDDI Fiber Distributed Data Interface
 * R414-00      Introduction to Stratus Ethernet
 * R417-00      Product Configuration Bulletin: U250 I/O Switch
```

Table A-5. Transaction Processing Facility (TPF) Manuals

```
    Part        Title
    Number

  * R015-03     VOS PL/I Transaction Processing Facility Reference Manual
    R032-01     VOS BASIC Transaction Processing Facility Reference Manual
  * R034-02     VOS COBOL Transaction Processing Facility Reference Manual
  * R036-02     VOS FORTRAN Transaction Processing Facility Reference Manual
  * R038-02     VOS Pascal Transaction Processing Facility Reference Manual
